

## The Honda SENSING (ADAS Technology) Enabled City

R. C. L. M. D. L. J.

# THINKS AD

Welcome to the power that thinks further, sees further and leads ahead. The Honda SENSING (ADAS Technology) Enabled City

Averate the total

It's not just a technology. It is the power to think ahead. To think about the future. To read the road a few seconds ahead. To see further and lead, leagues ahead.

# Honda SENSING

- FIRST-IN-SEGMENT^-

## Honda SENSING<sup>(ADAS Technology)</sup>

# Mitigates Collisions Using Advanced Technology

A high-performance front camera with a wide-angle, far-reaching detection system that alerts the driver and minimises the risk of accidents.

# SENSING

COLLISION MITIGATION BRAKING SYSTEM Provides advance warning where risk of collision is imminent, through audio and visual alerts to the driver. Applies brakes to slow down the speed of the car and mitigates collision.

#### ROAD DEPARTURE MITIGATION SYSTEM

Provides advance warning through audio and visual alerts to the driver when the car seems to deviate from the lane. Provides steering wheel support when the car seems to deviate from road boundaries.

LANE KEEP ASSIST SYSTEM Assists the driver to steer the wheel and helps the car to drive in the middle of the lane when cruising along

the highway.

ADAPTIVE CRUISE CONTROL Assists acceleration and braking operation when cruising on highways while maintaining safe distance from the preceding car.

#### AUTO HIGH-BEAM

Switches between high beam and low beam automatically at night to support good visibility for driver as well as preceding or oncoming car.

#### LEAD CAR DEPARTURE NOTIFICATION SYSTEM

Inform the driver with visual and audible alerts when the vehicle ahead has started moving.

<sup>4</sup>Honda SENSING is a driver assist system that enhances driving experience and safety while driving on roads. Drivers shall remain responsible for safe and vigilant driving. It is recommended to read the instructions in the owners' manual/guide before using the vehicle. Honda SENSING cannot substitute human acumen and vigilance while driving. Honda Cars India Limited urges drivers to follow traffic rules which are meant to keep them safe on roads.

CONNECT

With the next gen Honda Connect app for smartphone, you can get up-to-date information about your vehicle - all at your fingertips.

\*Terms & Conditions applicable. Honda Connect comes with free subscription for 1st 5 years from the date of purchase. T&C applicable. Honda Connect application works on smartphones: Android 7.0 & above; iOS 11.0 & above. Honda Connect application works with select smartwatch devices. Smartwatch is not part of car accessory/ giveaway and need to be purchased separately. All services and features of Honda Connect are subject to network availability, facility/ transmission limitations as per government regulation and permissions in specific regions/ locations. Selective alerts work as per user settings and in select car models/ transmission. Actual application/ features may differ from representative images shown above. \*Alexa Remote Capability supported features can be executed via Honda Skill through Alexa, enabled device as per user input information in the Honda Connect App. Amazon, Alexa and all related logos are trademarks of amazon.com, Inc. or its affiliates. Alexa device is not part of car accessory/ giveaway and needs to be purchased separately. Actual device may differ from the one shown here. Please refer to amazon.com for more details. For more details visit your nearest dealership or www.hondacarindia.com.

#### <sup>\$</sup>Available only in CVT.

# INTELLIGENT TECHNOLOGY. INTUITIVE CONNECTIONS.

Honda Connect<sup>≠</sup> available for smartwatch<sup>‡</sup> With smartwatch connectivity, you can control your car remotely for enhanced convenience and always stay up-to-date with important notifications.

#### BOOT OPEN | CAR FINDER | DOOR LOCK/UNLOCK | AUTO CRASH NOTIFICATION AC ON/OFF | TOW AWAY ALERT | GEO-FENCE ALERT

\*Smartwatch is not part of car accessory/giveaway and needs to be purchased separately. Honda Connect application works on select smartwatch devices and is subject to network availability and government regulations. T&C apply.

# CHARISMA THAT LEADS. LOOKS THAT EXCITE.

CIT

# SPORTY & SENSATIONAL IN EVERY CURVE.

The sporty, front grille stands out. The front and rear bumper design is an invitation for compliments. And the alloy wheels heighten the sporty excitement of the driving experience.

#### FULL LED HEADLAMPS WITH 9 LED ARRAY (INLINE-SHELL)

# INTELLIGENT POWERTRAIN THAT LEADS THE TIMES

## 1.5 Litres i-VTEC DOHC with Variable Timing Control (VTC)

Based on the High Accuracy Valve Control Technology called DOHC i-VTEC + VTC, this engine improves combustion efficiency, reduces friction and lowers emissions. It is a high performance engine that delivers 89 kW (121 ps) power and 145 Nm torque, with quicker torque increase at lower engine speed.

# ADVANCED CVT: THE ULTIMATE AUTOMATIC

Developed as part of Earth Dreams Technology, CVT or Continuously Variable Transmission is Honda innovation at its best. Since power from the engine is continuously fed to the car tyres, CVT makes the ride smoother. It ensures the engine performs within a speed range that is best for fuel efficiency with 7-Speed Paddle Shifters, Step Up-shift and Brake Down-shift control. Elevate your rush with the supremacy of Honda CVT.

• 7-Speed CVT i-VTEC (Petrol) - 18.40 km/l\*\*\*

## 6-SPEED MANUAL TRANSMISSION

The Manual Transmission (MT) features 6 forward speed ratios. This achieves a better driving experience with improved fuel efficiency. The 5 gear ratios are optimized for thrilling pick-up/acceleration, while the 6th gear overdrive ratio maximises stress-free low engine revolutions when cruising at high speeds and this is what obtains better fuel efficiency.

• 6-Speed MT i-VTEC (Petrol) - 17.77 km/l\*\*\*

# TOMORROW'S SAFETY STANDARDS. FOR TODAY'S DRIVING.

ACE<sup>™</sup> stands for Advanced Compatibility Engineering<sup>™</sup>, and it's a Honda-exclusive body design that uses a network of front frame structures to absorb and deflect the energy from a frontal collision. This helps reduce the force transferred to the cabin and more evenly disperse the forces transferred to other vehicles involved. That means it's not just Honda drivers that are safer in the event of a collision-it's everybody. Add to this the world's first i-SRS Airbag System with Quick Deployment Technology, as well as the 1st in First-in-segment<sup>^</sup> LaneWatch<sup>™</sup> camera system which supplements side mirrors and uses a screen inside the vehicle for the driver to keep aware of the surroundings without taking their eyes off the road.

## MULTI-ANGLE REAR CAMERA WITH GUIDELINES (NORMAL, WIDE, TOP-DOWN MODES)
